25X1 15. [] (JSW) There was another breakfast meeting with freshmen Congressmen. Originally, nineteen accepted but seven had to change their plans and twelve showed up. Present from the Agency were: The Director, Colonel White, Desmond FitzGerald, R. Jack Smith, Carl E. Duckett, Sherman Kent, and John S. Warner. Colonel White gave his usual briefing and there were questions afterwards until about quarter to ten. The following Congressmen attended: Representatives Edward G. Biester (R., Pa.), Frank J. Brasco (D., N.Y.), Joshua Eilberg (D., Pa.), Marvin L. Esch (R., Mich.); John E. Hunt (R., N.J.), Dan Kuykendall (R., Tenn.), Clarence E. Miller (R., Ohio), Jerry L. Pettis (R., Calif.), Donald W. Riegle (R., Mich.), Larry Winn (R., Kans.), Chalmers P. Wylie (R., Ohio), and Roger H. Zion (R., Ind.).

25X1 16. [] (JSW) Congressman Donald W. Riegle, of the breakfast group, stayed on a while to talk to R. Jack Smith and John S. Warner about receipt of information. He wants a great deal more information and thought the Agency should supply it. We explained the problems indicating we could offer him [] which he apparently wishes. He apparently will pursue this query further with Mr. Mahon since he is on Appropriations Committee and also said he was going to speak to Senator Robert Kennedy. 25X1

25X1 17. [] (JSW) Spoke to Robert Michaels, House Appropriations Committee staff, about the testimony of NASA officials on the Hill resulting in pressures or queries about Agency briefings. Mr. Michaels was aware of this in general and specifically in connection with Representative Joe L. Evins. Mr. Michaels stated he had mentioned this to the Chairman who indicated that he too was aware of it. 25X1

25X1 19. [] (GLC) [] called and asked if we could obtain from the Senate Aeronautical and Space Sciences Committee copies of the NASA testimony referred to in this morning's WASHINGTON POST on the subject of manned orbital spacecrafts. We will check on this.
